

# Automated Deposit ATMs

## H34N Series

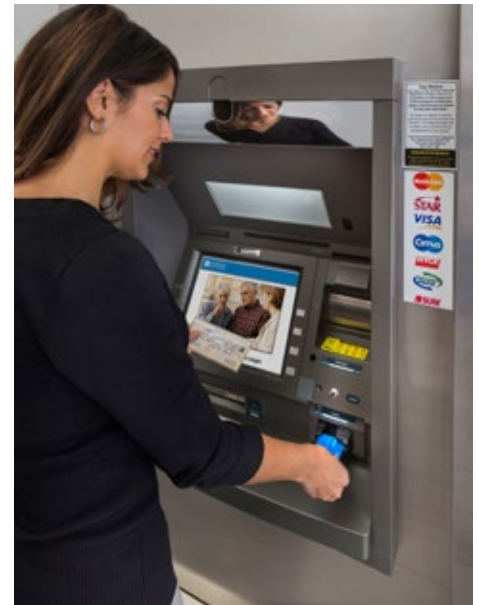

Lobby, walk-up and drive-up models available

As the anchor of a multi-channel delivery strategy, having your ATMs available in multiple locations and in the most user-friendly configurations is key to meeting your customer's needs.

Full-function ATMs, available in lobby, drive-up and walk-up models, give you the flexibility to expand your footprint while offering modern banking features. H34N capabilities include cash withdrawals and three different deposit options: no deposit, envelope deposit or automated deposit. On-screen advertising provides cross-selling opportunities for other financial products and services, attracting potential customers. And its modular design makes it easy to add features based on your requirements.

Whether you are looking to upgrade or simply replace your existing full-function ATMs, consider the H34N series. You'll find they are:

- **Easy to use** – A large, color LCD display, high-speed cash dispenser and single-deposit slot enable customers to conduct cash and check transactions quickly and securely.
- **Easy to service** – Equipment uptime is critical to maintaining customer satisfaction – and revenue generating activities. Count on the H34N series to keep your business running smoothly.

- **Easy to upgrade** – Buy what you need today, knowing that you can easily upgrade and change out features with future options.
- **Easy on your budget** – High quality, reliable and built to last, the H34N series is also cost-effective.

Our nationwide network of local sales and service support stands behind all our products so you know you'll get the prompt, local support you count on.
