

Money Machine[®] 2

Self-Service Coin Counter

Boost lobby traffic and improve customer satisfaction

Money Machine[®] 2 can bring more people into your lobby

Financial institutions are the trusted source for counting coins, and on average, coin savers make several special trips each year to redeem them.

Make the most of coin-saving habits at your branch and leverage the opportunity to introduce customers to new products.

- 64% of people who redeem coin do so at a bank or credit union
- 70% of coin savers redeem 3 or more times per year
- 80% of customers prefer self-service coin counting (to teller processing)

Let Money Machine[®] 2 self-service coin counters do time-consuming coin processing so employees can focus on your business' most important assets – your account holders.

Increase customer satisfaction by as much as 20 percent

Research proves customers respond positively when a coin counter is added to a lobby – customer satisfaction improves and tellers are happier also. Adding a self-service coin counter is a measureable improvement – increasing average customer satisfaction ratings 10-20%.

It's easy and cost-effective to add coin counting to your branch

Evaluate the difference Cummins Allison can make for your business. With more than 20,000 coin counters in operation every day, we can help you get more from your coin-counting operations.

Only Cummins Allison gives you more choices for adding coin machines to your lobby:

- Three options: buy, lease or rent a machine
- Hands-free coin management for coin pickup and processing to free tellers for more valuable services
- Remote monitoring to manage the machines for you

Our latest technology fits your needs

Tellers appreciate the quieter operation, greater capacity and easier bag management that Money Machine 2 offers. Customers enjoy the ease of operation and speed of processing. If you aren't offering coin-counting services in your branch, now is the time to see how easy and affordable it can be.

Accurate and reliable

Customer-driven technology

Money Machine 2 self-service coin counters are the fastest high-capacity coin processors in the industry. The patented technology used in Money Machine 2 sorts and counts at speeds up to 4,100 coins per minute. This high-speed, robust technology gives your customers the best-in-class service expected of your financial institution.

Accuracy and dependability

Managing coin processing is easy when counts are accurate and balancing intuitive. With 99.995% accuracy, Money Machine 2 processing is precise. This translates into worry-free operations, less time managing coin processing and improved branch efficiency.

Unmatched dependability – warranted to 50 million mixed coins – ensures uninterrupted service to your customers and branch personnel. Money Machine 2 is designed with only one moving part, which means fewer jams and lower maintenance costs.

World-class service and support

Cummins Allison service technicians stand behind each product. Delivering dependable, local service and parts inventories, each skilled professional is trained to maintain your specific machine requirements. Cummins Allison service gives unparalleled, 97% satisfaction to customers day in, day out, year after year.

Leverage the high demand for coin redemption to increase branch traffic, improve customer satisfaction and stay ahead of the competition.

Gives you more ways to add coin counters to your financial institution

Money Machine 2 features and options

Money Machine 2 is built for fast, effortless operation and best-in-class reliability. Designed to maximize customer satisfaction, it provides tremendous feature flexibility to suit your preferences and operational requirements.

Coin-collection systems

A choice of five coin-collection systems are available. Bag machines can be configured to sort or mix coins for continuous processing, less frequent bag changes and reduced coin pickups.

- Bag capture with 16 sorted bags – 78,000 coins total
- Bag capture with 16 mixed bags – 80,000 coins total
- Bag capture with 8 sorted bags – 36,000 coins total
- Single bin – 70,000 mixed coin capacity
- Dual bins – 140,000 mixed coin capacity

Each system simplifies coin management for your branch.

Dual-bin coin collection minimizes interruptions and lowers pickup costs by half.

High-strength, polymer bins are easy to change with lightweight dollies and can be stacked for easy storage.

Bag collection sorts or mixes coins into 16 high-volume bags for a capacity of up to 78,000 or 80,000 coins. Bag stations roll out for easy access.

Mixed bag with label printer and DIP card reader shown above.

Remote management access

Keep tabs on one or more Money Machines through remote-management software. Remote management gives you immediate access to bin/bag levels, daily reports and transaction history in real-time, with instant notification of error alerts. Schedule bin pickups, update machine messages, or monitor activity from your desktop or smartphone.

Enhanced bag management screens

Personnel will appreciate the highly visual bag-management system displayed on the unit's LCD. Clear and simple steps for changing full bags and the interactive display keep training to a minimum.

A through-the-wall configuration for either bag or bin allows select activities to be performed at the back of the machine for secure, behind-the-scenes coin management.

Customizable touch-screen display

A large 15" color touch screen guides customers through the coin-counting process. Custom graphics, images and multilingual text give you the flexibility to promote your brand.

Machine graphics

Outfit your coin-counting machines with eye-catching graphics. Use standard Cummins Allison graphics, choose to design your own graphics, or opt for attractive stainless steel panels to give an elegant finish to your lobby decor.

Stainless steel graphics provide a more elegant finish to match your lobby decor. Machine shown with optional charcoal hood.

On-screen advertising

Advertise products and services through fixed images or continuous-play videos. On-screen advertising provides high visibility to your most important promotions.

Choose how coin counting is added to your branch

You have the freedom to rent, lease or own your coin machine. Whatever option you choose, your customers enjoy the benefits of a self-service coin machine that you provide.

Hands-free coin management program

Our unique Coin Management Program (CMP) includes bin or mixed bag pickup from an approved logistics company,

along with coin processing, program administration and electronic bank deposits within three days of your bin or mixed bag deposit.

CMP also removes risks associated with employee-handled coin. We monitor your machine online through our JetLink™ software and dispatch service, scheduling mixed bag or bin pickup when needed.

Annual server access and activation are free to CMP customers. Machines on CMP are required to have preventive maintenance and remote management agreements.

Operational benefits: Work with your local Cummins Allison representative to determine which combination of program options best meets your business needs, risk level and revenue objectives.

Program/ Product	Profit (1)	Risk-Free	Hands-Free		Recycle Coin
			Branch (2)	CMP (3)	
Purchase/Bag	★★★★	★	★	★★★★	★★★★
Purchase/Bin	★★★	★	★★	★★★★	★★ (4)
Lease/Bag	★★★	★★	★	★★★★	★★★★
Lease/Bin	★★	★★	★★	★★★★	★★ (4)
