# Self-Service Coin Kiosks

## Build Traffic, Add New Revenue!

### Cummins Self-Service Coin Kiosks Help Your Casino...

#### Build Traffic

Local patrons in particular are drawn to your casino, able to quickly and easily convert their coins to currency and spend their "new found" cash on the gaming floor or on your other retail or entertainment venues.

#### Generate Revenue

Adjust the machine's service fee at anytime, providing you with flexibility on your return-on-investment and/or promotional or competitive positioning.

#### Improve Operations

Keep your cashier lines short and running smoothly by directing patrons to your self-service coin kiosk. Patrons get their money quickly and without inconveniencing others in line or your staff.

#### Enhance Customer Service

Your patrons simply pour their coins into the coin tray and push the start button on the touch-screen display. Within seconds, their coins are counted by the fastest coin sorter in the industry. They take their receipt to your cashier for conversion to cash and can quickly begin spending money on the gaming floor.

### Create a New Revenue Stream With Self-Service Coin Kiosks

You own the self-service coin kiosk and any service fees are yours to keep. Machine ownership gives you the flexibility to charge varying fees to adjust to the market or use as a competitive edge.

#### This investment can quickly pay for itself...\*

For example...

Average weekly coin intake .....	\$3,500
9% service fee .....	\$315
Times 52 weeks/year.....	\$16,380

\*Estimate revenue potential.  
Maintenance costs additional.

#### Free Revenue Estimate

For a more detailed estimate of the profit potential of Cummins self-service coin kiosks, contact your Cummins representative. Our free, no-obligation revenue estimate takes into account your potential coin volume, local armored carrier costs, and other factors specific to your casino(s), this document provides a tailored estimate of each machine's payback and profitability.

#### CoinMax™ Graphics

Mix and match from our selection of eye catching graphics or create a design specific to your casino.

#### FastPay™ Automated Payout

Cummins kiosks can be outfitted with the FastPay™ Automated Payout (shown above and to the right) which dispenses cash to your patrons. Patrons don't have to wait in the cashier line and can head out to the gaming floor with cash in hand!
